

TRAVELLING OR RELOCATING? DON'T LEAVE YOUR FITNESS BEHIND!

If you plan to travel or relocate around Australia or New Zealand, you may be able to take your gym membership with you!

This facility is part of a national reciprocal fitness program, which means because you are a member with us, you have access to other facilities around the country. Of course, each facility has its own terms and conditions, and fees may apply, but it's great to know that if you hit the road, you may be able to take your membership with you.

Find out more at reception, or visit
