

The background of the left half of the image is a close-up of a piece of recycled paper. It is light brown and covered with small, colorful specks and fibers. There are some faint, dark markings and text fragments visible on the paper, such as "end" and "wall".

Use recycled or paper from sustainable sources for your photocopier and printer – especially when printing off Eco-tips posters!

Turn off ALL the lights when you leave: lights are one of the biggest energy drains and simply turning them off is one of the most environmentally friendly things you can do
